

Toyota Motor Corporation Australia recommends that only Toyota Genuine Parts are used for repairs and maintenance of Toyota vehicles.

Since Toyota Genuine Parts are Australian Design Rule (ADR) approved with the vehicle from the outset, they meet ADR safety standards and are guaranteed to fit and perform as the manufacture intended which is backed by the Toyota Warranty.

Phil Gilbert Motor Group only recommends Genuine Toyota Parts for use by Preferred and Quality Repairers.

Len Hollis Smash Repairs at Mortlake is a preferred repairer for Phil Gilbert Motor Group.

Phil Gilbert Motor Group and Len Hollis Smash Repairs have been trading partners for over 10 years and both companies recommend using genuine parts that will be used to repair your vehicle to pre-accident condition.
